

# What types of files can I upload for review?

Published on 11/08/2016

You may upload the following file types.

- PDF Documents (\*.pdf)
- Images (\*.jpg, \*.jpeg, \*.gif, \*.png, \*.eps, \*.epsx, \*.tif, \*.tiff)
- Microsoft Office Documents (\*.doc, \*.docx, \*.ppt, \*.pptx, \*.xls, \*.xlsx)
- Multimedia (\*.swf, \*.avi, \*.mov, \*.flv, \*.mpg, \*.wmv, \*.mp4, \*.mp3, \*.wav, \*.wma, \*.aac, \*.m4a, \*.m4v)

While uploading a proof, you can always view this list by hovering over the area, **'Click or drag files to upload'** on Step 1 of the **'Add Content'** page.

The screenshot shows the 'Add Content' interface. On the left, a vertical sidebar contains two steps: '1' and '2'. Step 1 is highlighted. The main area shows a dashed box with the text 'Click or drag files to upload' and an 'inmotion' logo. A tooltip is displayed over this area, listing the supported file types: PDF Documents (\*.pdf), Images (\*.gif, \*.jpg, \*.jpeg, \*.png, \*.tif, \*.tiff, \*.eps, \*.epsx), Microsoft Office Documents (\*.doc, \*.docx, \*.ppt, \*.pptx, \*.xls, \*.xlsx), and Multimedia (\*.aac, \*.avi, \*.flv, \*.m4a, \*.m4v, \*.mov, \*.mp3, \*.mp4, \*.mpeg, \*.mpg, \*.wav, \*.wma, \*.wmv). Below the tooltip, there is a 'Name' field with a 'Required' label, a 'Choose a Template (optional)' dropdown menu, an 'Assign to a project (optional)' dropdown menu, and a checkbox labeled 'Place Proof On Hold'.
